

PROJECT CONNECT

Volunteer Roles

Set-up: in this role, you will be integral in ensuring the event is ready to go before guests arrive. You will have a hand in moving tables and chairs, sandbags, erecting EZ-UPS, staging coolers of water around event, and other duties as needed. **Please note this role is from 6-8 am.**

Guest Guide: in this role, you will greet the guest, assist them through their intake with an HSC intake staff member as well as help them put their belongs in the Safe Day Storage if needed. You will then help them navigate the event with emphasis on the services they stated they were interested in while doing their intake. You are a friend for the day to lighten the load of seeking services.

Safe Day Storage Attendant: in this role, you will tend the storage tent where guests can put their belongings safely for the day while they attend the event. You will need to be able to recall faces, interact with guests, write legibly, and utilize our tracking system.

Floater/Event Maintenance: in this role, you will have the opportunity to help providers, HSC staff, host site, and guests. You will be given an area to "float" and offer your assistance as needed. This role is great for people who are self starters, enjoy chatting with many people, like to get their daily steps in, and have a knack for getting people to the assistance they need. Light maintenance may be needed as well.

Clothing & Donation Closet Attendant: in this role, you will help ensure the guest gets the allotted amount of items in clothing and hygiene department. Am role will help fold and stage the clothing. PM role will help remove items from the tables and put back into totes provided. An assigned HSC staff member will be there to assist you throughout the day.

Breakdown Crew: in this role, you will be integral in ensuring the host site is put back to order as we are wrapping up the day and after the providers leave. You will have a hand in moving tables and chairs, sandbags, packing up EZ-UPS, emptying coolers of water and loading into truck, ensuring all garbage and waste are in receptacles, and other duties as needed.

Please note: this role is from 2pm to 6pm
